Canopy Tower

Morning

2 Hours

Difficulty Level ★ ★

Canopy Tower

A visit to the Canopy Tower gives you the opportunity to have a comprehensive view of the vast rainforest from above the trees; and at the same time offers you the chance to spot wildlife which will depend on the time of the day, weather conditions and luck. It's also a great place to enjoy seen the sunrise and sunset.

To get there we have to walk about 20 minutes throughout a pristine forest with great opportunities to come across with some amazing wildlife such monkey, birds, colorful and cute insects, etc. The tower itself it's a scaffolding metal tower of 42 mts. or 138 feet with easy walking steps to rich to the top.

Oxbow Lake

Morning (Afternoon)

Half Day

Difficulty Level ★ ★

Oxbow Lake

After trekking away from the Tambopata River — past the hanging nests of Oropendola birds and fluttering fruit bats — you arrive at the Oxbow Lake. Separated by just a thin sliver of land from the river, this lake is a world away from those rushing waters. Here, tranquility reigns. But the Oxbow Lake's calm waters and beautiful landscape bely the wild creatures, from tiny to giant, lurking just below the surface.

On the Oxbow Lake Visit, you experience one of the most important and distinct habitats in the Amazon. They form when a river bend gets cut off from its main channel, transforming it into a calm lake. flying overhead.

Giant River Otter Search

Morning

Half Day

Difficulty Level ★ ★

Giant River Otter Search

This is a morning activity that demands an early start. (As early as we begin better chances to see more wildlife).

To get there, we have to walk to the river to take the boat and take a boat trip for 15 minutes upstream then walk 25 to 30 minutes to reach the lake. Once there, we will paddle around on a comfortable catamaran looking for all kinds of wildlife and of course, the family of Giant River Otters is our main target.

This place itself it's beautiful and holds different species of wildlife such as the Black Caiman, many types of birds, and monkeys such as squirrel monkeys.

Parrot Claylick

Morning

3 Hours

Difficulty Level ★ ★

Parrot Claylick

Just 15 to 20 minutes walking from the lodge into the riverbank, we will find a hide where we will wait for the bird to gather up on the trees and eventually land of the bank to eat clay. Scientists don't know exactly why parrots do this, but they suspect it has to do with mineral deficiencies.

Different types of wildlife feed on clay, such as Spix's guan, howler monkeys and peccaries.
